Dear Peter

Windsor Half Marathon 2007

With reference to our recent telephone conversation, I am writing to confirm that, with great regret, due to the current outbreak of Foot & Mouth, we will have to cancel this year's Windsor Half Marathon on Sunday 30 September. This decision has been taken following advice received both from our own veterinary consultant as well as Defra, and ties in with the general closure of the Great Park which was instigated yesterday.

I confirm I would be happy for this letter to be made available to any of the runners who have booked for the event.

Yours sincerely

P B Everett
Deputy Ranger
